MOUNTAIN BIKER'S RESPONSIBILITY CODE Mountain biking involves the risk of serious injury or death. Your knowledge, decisions and actions contribute to your safety and that of others. Bikers should be advised that a green circle, blue square, or black diamond trail at one area is not the same as a similarly rated trail at another area. The system is a relative system that is only valid at this area. Bikers should work their way up, beginning with the easiest trails no matter what their ability level may be, until they are familiar with area ratings. **ALWAYS:**

- STAY IN CONTROL.** You are responsible for avoiding objects and people.
- KNOW YOUR LIMITS.** Ride within your ability. Start small and work your way up.
- PROTECT YOURSELF.** Use an appropriate bike, helmet, and protective equipment.
- INSPECT AND MAINTAIN YOUR EQUIPMENT.** Know your components and their operation prior to riding.
- BE LIFT SMART.** Know how to load, ride and unload safely. Ask if you need help.
- INSPECT THE TRAILS AND FEATURES.** Conditions change constantly; plan and adjust your riding accordingly.
- OBEY SIGNS AND WARNINGS.** Stay on marked trails only. Keep off closed trails and features. Ride in the direction indicated.
- BE VISIBLE.** Do not stop where you obstruct a trail, feature, landing, or are not visible.
- LOOK OUT FOR OTHERS.** Look both ways and yield when entering or crossing a road or trail. When overtaking, use caution and yield to those ahead.
- COOPERATE.** If involved in or witness to an incident, identify yourself to staff. Please assist and report the incident by calling 406.995.5880.
- LEAVE NO TRACE.** Do not feed, provoke, or approach wildlife.

In case of accident For assistance call (406)995-5880. If traveling on-trail, you may be asked for the trail name, and trail ZONE number if pertinent to your location. After hours emergencies dial 911. Big Sky Resort's summer trails and surrounding terrain include rugged and remote areas. Response and rescue times can be lengthy. For your safety, plan ahead, go with a partner, carry appropriate gear, and recreate within your personal ability range. **WARNING:** Explosive devices are used in avalanche mitigation during winter. There may be unexploded devices on the mountain. **DO NOT TOUCH.** Report the device location by calling 406-995-5880. During the summer season, access to Big Sky Resort for recreational purposes is free of charge. A lift ticket is required for the privilege of riding the chair lift(s), but lift tickets do NOT create access to Big Sky Resort.

FOR ASSISTANCE CALL (406) 995-5880, AFTER HOURS EMERGENCIES DIAL 911

KEEP THE BIG SKY BIKE PARK GROWING THE RIGHT WAY - STAY ON DESIGNATED TRAILS & LEAVE NO TRACE.

FREERIDE BIKE TRAILS

Freeride bike trails contain constructed enhanced/modified terrain, obstacles, and features such as jumps, berms, banks, bridges, drops, etc. created from dirt, wood or other materials. Freeride Trails may also incorporate Technical Trail features and designs. Freeride Trails may be built by hand and/or machine and are designed to be ridden downhill. The skills necessary to navigate Freeride Trails include negotiating variable terrain, such as jumps and drops.

TECHNICAL BIKE TRAILS

Technical bike trails are designed to embrace the natural shape and terrain of the mountain. Technical Trails may contain roots, gravel, rocks, logs, water crossings, jumps, drops and other natural characteristics and obstacles found in the natural environment, and may also include some man-made obstacles and bridges. Technical Trails may be built by hand and/or machine, and look largely natural. Technical Trails may be designated for one-way or bi-directional travel. Trails in this category may be shared with other types of trail users such as hikers and equestrians. The skills necessary to navigate Technical Trails include negotiating variable terrain, such as jumps and drops.
