B-SIDE ZONE

BAD ROCK ZONE

DOWNHILL BIKE PARK TRAIL ZONES

There are 3 lift-accessed downhill mountain biking zones. Riders should start in the Bad Rock Zone and work up to harder terrain.
The Summit Zone is for expert riders and features our longest trails that require greater endurance.

THE SUMMIT

7 TRAILS | 1 | 4 | 2

There are miles of advanced gravity riding
from the summit including our 4 main routes:
The Summit Trail, Kashmir, Freebird
and Runaway Train.

B-SIDE ZONE

7 TRAILS | 1 | 3 | 3

The B-Side Zone is accessible from the summit
via Kashmir and The Summit Trail or Chair 2. The
B-Side features nearly 8 miles of trails including our
biggest jumps, technical trails and berms.

BAD ROCK ZONE

9 TRAILS | 1 | 1 | 4 | 1 | 2

The Bad Rock Zone is a great starting
place for downhill mountain biking. This
zone includes 4 miles of trails ranging
from beginner to expert.

TRAIL TYPES

FREERIDE TRAILS

Freeride trails are machine built and contain man-made features. Routes
are enhanced with dirt jumps, ride-on features, gaps, narrow surfaces,
wallrides, berms and other natural or constructed features.

TECHNICAL TRAILS

Technical trails utilize a majority of natural terrain. Routes are hand-built
and feature organic obstacles like rocks, roots, logs, drops, jumps and
other natural or constructed features that require technical riding skills.
